## Infrared Sauna

Our sauna is equipped with infrared heaters that are designed to: make you sweat like crazy, detoxify and heal your body; boost your mood, and a whole lot more. Unlike traditional saunas that use steam or dry heat in an enclosed area to raise your temperature, the infrared lamps radiate a strong UV free IR light to raise your body temperature directly.

Infrared heat is very gentle, it is safe as it only uses infrared and the experience emulates being in the sun on a warm day and feeling heat radiate to the core of your body.

*All sessions are a maximum of 45 minutes and include the use of our shower.*

## Micro-needling

Micro-needling is a minimally invasive cosmetic procedure that's used to treat skin concerns via collagen production. Also known as collagen induction therapy, this treatment assists those looking to reduce the appearance of acne scars and stretch marks. We also used in certain anti-aging procedures, such as sun spots.

You are an ideal candidate for this procedure if you're in good health and have certain skin concerns that haven't responded to home treatments or other types of dermatological procedures, such as peels.

This may also be a final step before considering cosmetic surgery for anti-aging and other concerns. To learn more about micro-needling and how it may help you, talk to one of our trained skincare specialists and see if this is the right option for your skin.
